d. Requested Mr. Lloyd to hand out copies of a proposed Agency Notice on security which the Acting DCI desires to issue. b. Remarked that from what he had seen of the proposed Yugoslav briefing to the NSC he thought it a little too "pat". Mr. Sheldon noted that the briefing was modified the previous evening and probably took care of Mr. Wisner's objections in that respect. Mr. Bissell:

a. Raised the question as to who is presently the working level CIA representative on the President's Disarmament Committee. Mr. Kirkpatrick:

a. Advised that the President's Board will next meet on the 28th, 29th and 30th of November. They have a one-hour meeting scheduled with the President at this time and have also expressed a desire for an oral briefing on Intelligence Estimates. He also noted that Mr. [] was planning to take a one-month trip through the Far East, accompanied by General Cassidy, probably in March 1957. Mr. Wisner undertook to have the FE Division work up a proposed itinerary and plans for this trip. ACTION: DD/P 25X1

b. Noted that a publication called "Task Force" which is published by the "Public Defenders of the American Constitution", in its current issue has an article by Huxley Blythe, an English neo-Fascist, which attacks CIA for treason. Copies of this publication have been mailed to a number of Senators and Congressmen, one or two of whom have made casual inquiries of CIA concerning the article. Mr. Kirkpatrick and Colonel Grogan both recommend that we ignore the article with replies of "No comment" to any inquiries which may come in, with the exception of certain Congressional inquiries to which we would make more extensive replies pointing out the unreliability of the author and his obvious inaccuracies.
